A home in perfect condition, which underwent a major renovation in 2016, has been added to the public listings of the real estate market. The renovation provided all modern conveniences, such as room-by-room adjustable underfloor heating and air conditioning for cooling on hot summer days.

Living here, there is no need to use a car daily, as everything essential, from the Rimi grocery store to the MyFitness gym, shopping centers, and the train station, is just a 9-minute walk away.

The building has an active homeowners association, under whose management the building underwent a thorough renovation in 2017. Additionally, residents have access to a small green area.

The apartment is equipped with Telia fiber optic cable, allowing internet speeds of up to 1 Gbit/s for both download and upload.

Thanks to its excellent location and well-thought-out solutions, it is also well-suited for short-term rental offers.
