The apartment building at Maleva St. 1 was constructed in 2000. Its unique architecture stands out in the cityscape, as the building was originally built for Army, Air Force, Defence League, and Navy officers.

This 3-room apartment on the sixth floor features a comfortable layout, with a spacious kitchen-living room, two loggias with south-facing windows, two bedrooms, and separate WC and bathroom. The apartment also includes a numbered parking space and a 10.5 m² storage room in the basement.

The building is constructed from silicate bricks, with precast reinforced concrete roofs and ceilings. The heating is provided by a local gas boiler house.

The location is ideal—Stroomi Beach is just a 10-minute walk away, and a tram ride to the city center from the nearby Maleva stop takes only 15 minutes.

This apartment is perfect for those who want to live in a green, nature-surrounded environment while still enjoying the conveniences of city life.
