192 750 €

Information

A new home with character and a sunny terrace!

A new home has been added to the public real estate market, facing the southern sun, complete with a designated parking space, storage room, and terrace.

The home is located on the first floor of a building and, thanks to its good floor plan, has the functionality of a 3-room apartment.

The home underwent a major renovation this year, with affordable maintenance costs and a pleasant indoor climate ensured by city central heating with water-based underfloor heating and a heat recovery ventilation system.

The location is ideal – essentially in the city center, with everything you need within easy reach. The nearest grocery stores (COOP, Selver, and Maxima) and the university buildings (University of Tartu, TalTech) are just a few minutes' walk away. In front of the apartment is a nearly 6 m² private terrace facing south.

The apartment is equipped with Telia fiber optic cable, offering internet speeds of up to 1 Gbit/s both downstream and upstream.

Peace of mind is ensured by the fact that both the building and apartments have valid occupancy permits.

Thanks to a separate entrance, the apartment is also perfect for offering short-term accommodation services.

Get in touch, ask for more and come and have a look at this beautiful home!
