Information

A bright and well-maintained home has been added to the public offerings of the real estate market.

This is a home located in the middle of the building and on the middle floor, which is being sold with all the furniture and appliances seen in the photos, if desired.

The apartment building has recently (renovated in 2025) undergone a complete renovation, during which almost everything was replaced with new, and solar panels were installed, providing modern comforts.

Daily convenience is ensured by the knowledge that there is always parking space in the expanded asphalt parking lot created during the renovation, and the apartment comes with a larger-than-usual warm and dry basement storage unit.

The apartment is equipped with Telia fiber optic cable, enabling internet speeds of up to 1 Gbit/s both down and up.

The nearest grocery store is the Luunja COOP, which also has a parcel locker and a Terminal gas station nearby. The closest bus stop, Kaagvere, is just 100 meters away.
