Information

Fortuuna Maja is a brand-new residential and commercial building located on the sunniest bank of the Emajõgi River in Tartu.

The apartments are extended by balconies and rooftop terraces, with large floor-to-ceiling windows offering uninterrupted views of the river. You're close to everything, yet far enough to enjoy peace and quiet.

With the future in mind, the building features private parking spaces with electric car charging infrastructure, storage rooms, and a personal solar park. On hot summer days, each room is cooled by an individual air conditioning system. The cherry on top – a unique "direct-to-apartment" elevator solution, the only one of its kind in Tartu.

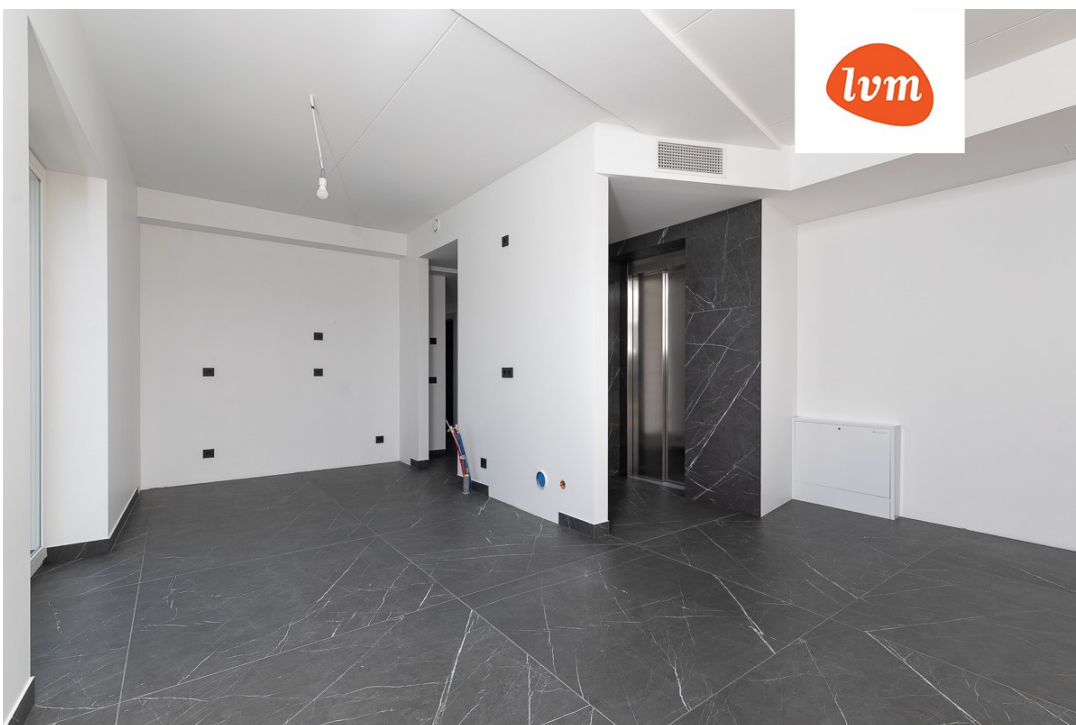

The price includes 1 parking space and a storage unit on the ground floor.
