Information

A two-room apartment on the preferred second floor has been added to the list of public sale offers.

The apartment has a through-plan layout and a total area of 45.4 m², which includes a living room, bedroom, kitchen, hallway, separate toilet, and bathroom.

In addition, the apartment has a balcony — a pleasant spot to enjoy your morning coffee, with a view overlooking a park and mature greenery.

The apartment is in need of modernization and refreshing, but it is perfectly livable in its current condition.

Parking is available in front of the building on a first-come, first-served basis, and the apartment also comes with a lockable basement storage unit, ideal for storing a bicycle, for example.

The location is excellent — nearby are schools (Hansa, Descartes), kindergartens (Pääsupesa), grocery stores (Maxima, Coop), the Eeden shopping center, and a gym (Aktiiv).

The nearest bus stop is just a few hundred meters away, with excellent connections to the city center. A Tartu bike-share station is also close by.

Get in touch, ask for more information, and come for a viewing!
