Information

A well-maintained, fully furnished home with excellent views has just been listed on the public real estate market!

Located on the top floor of a building with an elevator, this home is available for sale with all the furniture shown in the photos, if desired. This allows you to move in with minimal additional costs.

Everything you need for daily life is within a 500-meter radius – including bus stops, shopping centers, grocery stores, kindergartens, and schools.

The apartment has fiber-optic internet installed, offering speeds of up to 1 Gbit/s both up and down.

Utility costs are reasonable – €157.57 in January 2025 and €140.79 in June 2025 (in summer, the renovation fund contribution is €1/m²).

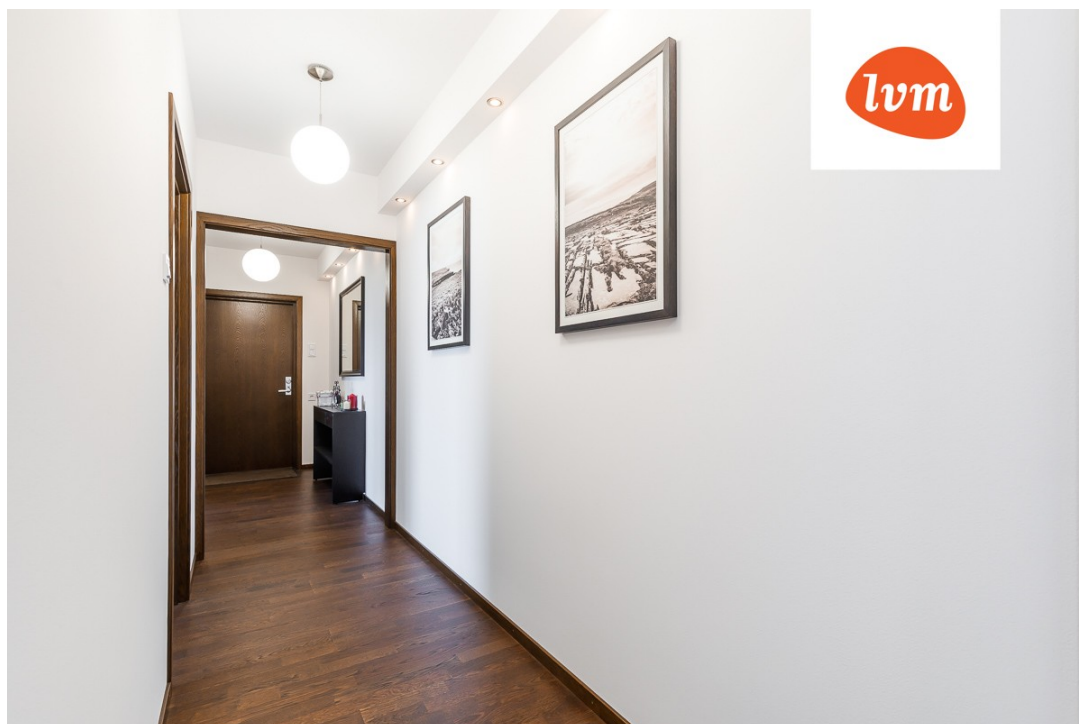

The building has an active apartment association, which has overseen debt-free renovations including replacement of the sewage system, roof, elevator, and heating system. Next on the list is the replacement of the water pipes.
